

There are Christians who are sick and tired of yielding to the temptations drawn from their lusts. Others are discouraged of the world, the flesh, and the devil winning the battles over them. Every day feels like a day of defeat. Psychologists and psychiatrists attempt to help troubled minds through rehabs and therapy sessions. So-called Christian counselors try to give psychological tips to believers who struggle with addictions and sins. The victims should have known all along that the only power that can give them the victory is the Lord Jesus Christ. Without him, you can do nothing. Those who have been successful in life flaunt their accomplishments with pride when they should have realized that God was the One who deserves all the credit. This study will cover questions such as, "Is it possible to have victory over anything and everything at any time and every time?" "Are there verses that guarantee I can win in perfect victory?" "Why can't I fight and win against sin?" "What is the sole and simple principle to gain the victorious Christian life?" "What does Christ's death, burial, and resurrection have to do with giving me victory over sin?" "What are the two powerful secrets to win every battle?" "Why can't God just make me a body that doesn't want to sin?"
