

From the passage at the bottom, Paul tells Christians to walk circumspectly. He warns the church to wake up from their dead state. God will not use a ministry who cannot walk circumspectly but rather act like dead people. Around our world today, Bible-believers are facing the turmoil of zombies walking among them. A pastor continually gets discouraged with leading a group of zombies instead of fired-up soldiers. A church continually gets discouraged with following the orders of a "zombified" pastor. The reason why churches are closing down, members are leaving, pastors are quitting, and saints are backsliding is because they live the life of the dead. Do you want your church to consist of zombies or zealots? Do you want your church to be a morgue or a revival? Listen to this message and be determined to make some changes. If the believer will fix the following four problems, then simply trust in the power of the Lord to do the rest of the work.

### **Ephesians 5:14-15**
